

SANSKRUTI MOGALI

Architectural Designer · Interior Designer

London, UK · +44 7810 784409 · sanskrutimogali@gmail.com · Portfolio: sanskrutimogali.co.uk

PROFESSIONAL SUMMARY

Architecturally trained designer (B.Arch, India) with studio experience delivering Retail, Hospitality, Commercial, and bespoke Residential projects, and currently completing an MA Interior Design at the University of East London (Best Overall Performance Award, 2026). Proficient in Revit BIM coordination, AutoCAD, and SketchUp, with a track record of managing full project lifecycles from concept and client liaison through technical documentation, multi-disciplinary team coordination, and site inspection to UK Building Regulations standards. Full UK right-to-work; immediately available

CORE COMPETENCIES

Design: Retail & F&B Design · Spatial Planning · Concept Development · Technical Detailing · BIM Coordination · Interior Architecture · Urban & Landscape Design

Software: Revit (BIM, 2D/3D) · AutoCAD · SketchUp · Rhino · Lumion · V-Ray · Enscape · Photoshop · InDesign · Procreate

Delivery: Full Project Lifecycle Management · Construction Documentation · UK Building Regulations · FF&E/OS&E Specification · Multi-Disciplinary Team Coordination · Site Inspection · Tender Packs · Client Management

AWARDS & COMPETITIONS

- Best Overall Performance Award — University of East London (2026)
- Finalist — Broadgate Design Competition, University of East London (2025)
- Finalist — British Institute of Interior Design (BIID) UK Student Competition (2025)
- 1st Place Thesis (College-Wide) — Nominated Top 10 Thesis Nationally, NASA India (2024)
- 1st Place — LIK Competition, National Association of Students of Architecture (NASA) India (2021)
- 1st Place — Rubin's Trophy, National Association of Students of Architecture (NASA) India (2019)

EDUCATION

MA Interior Design (Currently Studying)

2025 – Present

University of East London, London, UK — Best Overall Performance Award 2026 · Finalist, Broadgate Design Competition · Entrant, BIID UK Student Competition, working towards distinction.

Bachelor of Architecture (B.Arch) 2019 – 2024

Gogte Institute of Technology, India — **SGPA 9.1/10 (Distinction)** · Ranked 3rd in cohort · 1st Place Thesis (College-Wide) · Nominated Top 10 Thesis Nationally by Faculty

WORK EXPERIENCE

Researcher (Shadow), Egypt Biowaste Research Project | University of East London · London,

2026 – Present

- Support a faculty-led investigation into architectural biowaste materials, conducting field documentation and site analysis under direct professorial supervision.
- Author structured research records and written outputs intended for peer-reviewed academic publication.
- Develop primary research skills in field-based architectural inquiry, assisting with data collection and analysis across live research sites.

Architectural Designer | North Sign Studios · India

Jun 2024 – Aug 2025

- Delivered design development and technical documentation across Retail, Hospitality, Commercial, and Residential projects, managing briefs through to construction handover and project close-out.
- Accelerated studio revenue by 35% by spearheading targeted marketing and business development strategies that expanded the client pipeline across commercial and residential sectors.
- Grew the active client portfolio by 40% through end-to-end relationship management, translating client briefs into design strategies that improved repeat engagement and referral rates.

- Reduced project delivery discrepancies by 25% by producing detailed technical drawings and construction documentation in AutoCAD and Revit, streamlining design-to-build handovers.
- Improved as-built compliance accuracy by 30% through rigorous site visits and systematic project documentation, coordinating with engineering and delivery teams across multiple concurrent live sites.

Architectural Intern I Studio Parametric · India

Feb 2023 – Jul 2023

- Contributed to a 50% increase in project throughput by delivering design development across 4+ concurrent international Retail, Hospitality, and bespoke Residential schemes (KNS Infra).
- Accelerated client approval timelines by 20% by producing compelling concept layouts, 3D models, and visualisations in Revit, SketchUp, Lumion, and V-Ray.
- Reduced design-to-construction errors by 15% through weekly site visits and technical drawing support, ensuring design intent translated accurately into buildable specifications.
- Enhanced cross-team coordination efficiency by 25% by maintaining communication between design, engineering, and delivery teams across concurrent multi-disciplinary projects, eliminating bottlenecks.

ADDITIONAL EXPERIENCE & PROFESSIONAL DEVELOPMENT

- Coordinated a cohort of 70 students as Studio Lead for an Urban Design Studio, Gogte Institute of Technology managing team workflow, design reviews, and studio deliverables across a large-scale urban design project.
- Participated in curated design exhibitions at the University of East London, presenting spatial and material research to academic and industry audiences.
- Completed professional workshops on sustainable design practice, extending capability in low-impact material strategy and environmentally responsive design thinking.
